

STILCON

“BUILDING STRENGTH IN STEEL”

11 June 2009

TO WHOM IT MAY CONCERN

Re: Xtech Drafting

Stilcon Holdings Pty Ltd have engaged Xtech Drafting for a variety of different shop detailing projects since January 2004. Some of the projects they have successfully completed include:

Mercy Hospital Redevelopment. 800T.
Waverley Park Redevelopment. 70T.
Port Phillip Prison. 60T.
Wellington Village Shopping Centre. 150T.
HWT/Ernst Young. 1,000T.
Aldi Airport West. 60T.

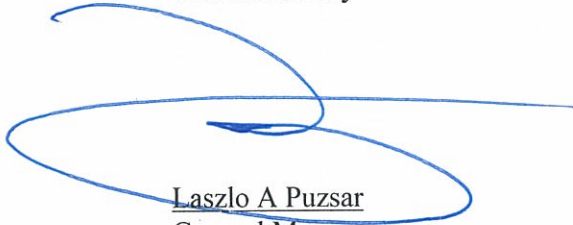

The shop drawings produced by Xtech Drafting are of the highest quality and pose no problems for our boilermakers or site employees.

We have found that Xtech Drafting is confident and competent to produce shop drawings for projects regardless of the complexity.

We have also found their communication with ourselves, and our clients, to be professional, courteous and respectful at all times. This combined with the quality of their workmanship results in many of our regular clients requesting we use Xtech Drafting. Their co-ordination and understanding of other trades is also well understood and well managed.

Their commitment to meeting programme dates and the quality of the shop drawings produced leave us with no hesitation in considering them for future works.

Yours sincerely

Laszlo A Puzsar
General Manager
